

(Summary related to Article 49)

**Summary of Proposed Amendments to  
Alna's Floodplain Management Ordinance  
March, 2024**

**The proposed amendments to Alna's Floodplain Management Ordinance make only procedural changes:**

- The Code Enforcement Officer will be responsible for reviewing applications for Flood Hazard Development Permits and advising the Planning Board when the application is complete and ready for consideration.
- The Planning Board will be responsible for considering and approving or denying applications for Flood Hazard Development Permits.
- **NO CHANGES** are proposed to the maps establishing the flood zones in Alna. Those maps are prepared by the Federal Emergency Management Agency.
- **NO CHANGES** are proposed to the standards that determine whether an application may be approved.
