## Alna Planning Board

Andrew Fuller & Tessa Fulmer  
Underground Beets Farm  
264 Golden Ridge Road

March 7, 2023

Dear Tessa and Andrew

Thank you for attending our March 6<sup>th</sup> 2023 Planning Board meeting. We were happy to hear of your expansion into rabbit husbandry and the diversification of your farming operations. We understand that you will be operating under a license from the Maine State Department of Agriculture that will allow you to raise and process up to 1000 rabbits per year. At the meeting you stated that you would be taking any offal produced as you process the rabbits off the farm to the Wiscasset transfer station and that you would be composting the rabbit manure for eventual use in your vegetable gardens. Your application was approved with one condition. That condition being if you choose to expand your operation to the point where you wished to process over 1000 rabbits per year then you would need to apply for a new business license from the Town of Alna. Congratulations on the growth of your farming operations which are now a part of the long history of agricultural enterprise in the Town of Alna. We wish great success as you move forward with your plans.

Sincerely
