### Description of the Business

This is a non-profit organization licensed by the state for equine rescue, rehabilitation, and shelter. It will also host occasional daytime school/youth education programs, overnight summer camps up to four times/summer for up to 12 participants, and up to 6 college students. Overnight visitors will either use the bathroom facilities in the residence, or a porty potty will be provided.

Up to two new temporary mini-barns/shelters may be constructed.

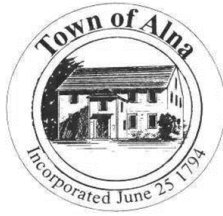

Manure will be managed in 6 – 8 piles on the west side of the property, turned weekly to control odor, and at an elevation lower than that of the pond and not visible from Rt. 218. After approximately six months, the manure will be removed from the property.

One double-sided sign approximately 24” x 30” sign is planned.
