8. Kevin Ballard	\$11,000.00	\$1,100.00
9. Bryce Watson	\$11,500.00	\$1,150.00

The road software will be arriving next week. Ed is compiling a list of names who may be interested in being on the road committee.

Charlie is working on the organization of the Community Garden. The Pantry Volunteers met last week and are pretty autonomous.

It makes sense to have the Town Gardens and Community Garden be organized as one unit.

It is important to focus on the best way to maintain the gardens and any proposed landscaping ideas. Any future plans should take into account the weeding, plowing and mowing requirements.

Pete Coughlin will provide information on the state road salt purchasing information. Our plow provider, Evan Holbrook, must turn in tear sheets to document accurate salt usage and the resulting charges.

Broadband continues to be worked on.

Charlie will work on the Congressionally Directed Spending request application from Susan Collins' office for the Egypt Road bridge replacement project.

Start looking into TAN. At the moment the town is in a good financial situation and the TAN might not be needed.

Ralph suggested that parents be notified that they need to provide school enrollment information to the town.
